Art Unit:

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Stewart Gitler on August 14, 1997.

2. The application has been amended as follows: In the claims, claim 1, line 5 add after the word "1:2" and before the period --and no more than about 7:1--, cancel claim 7. The amendments were made to include the limitation of claim 7 into claim 1 since this upper limit is considered to be critical to the invention.

3. The following is an examiner's statement of reasons for allowance: The claims are considered to distinguish over the prior art since there is no teaching of the ratio for the two active ingredients. Unexpected results have been shown within the recited ratio.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
